The essentials of imaging

pagepro 5650EN

Professional, high-output office printing solution

Monochrome workgroup printer 43 ppm

pagepro 5650EN

Professional and high output

Fulfil the most demanding office printing requirements with the pagepro 5650EN monochrome printer. Speed, durable build and enhanced image reproduction make it extremely qualified for high-output, professional-quality printing. Due to the latest processing technology, it incorporates smoothly into your network. Discover how easy and versatile office printing can be. The pagepro 5650EN is a top-performance A4 printer designed for medium to large workgroups in a professional office environment that require high-quality and cost-efficient monochrome prints. Enhance productivity further with an optional duplexer, offset stacker and an extra lower feeder.

➔ Achieve reliable printing results at top speed

Ensure that your printer meets the continuous demand for large quantities of monochrome documents. You can, with the pagepro 5650EN's rapid print speed of 43 ppm. No time is wasted: First pages are turned out in 9.5 seconds – perfect for fast-paced businesses where every second counts. Powerful and reliable performance is backed by the very latest Emperon™ controller, 500 MHz processing and 128 MB standard memory.

➔ Be prepared with up-to-the-minute processing and compatibility

The pagepro 5650EN is ready for the latest in document processing – native support of XPS (XML Paper Specification) from Microsoft Vista™ (HDD required). This new format revolutionises the way in which documents are printed and shared. Built into the Emperon™ system, compatibility with PostScript® 3™ and PCL® 6 printing languages, and a range of operating systems and business applications is also assured, as well as seamless integration into your existing network. Furthermore, you can print files (PDF, TIFF, JPEG) straight from your USB memory stick, without PC intervention (HDD or CompactFlash™ card required). Reports and presentations are printed instantly.

➔ Exercise more control over your printing

Control when your prints are released to the printer with the secure printing option on the pagepro 5650EN. By first setting a numerical password on your computer, printing is delayed until you enter the code again on the front panel. You will be able to collect your prints immediately upon output – convenient when confidentiality is key².

Make job accounting simpler too. Details of every print job are tracked so departmental billings can be accurately calculated and costs controlled. Real-time status information, such as toner levels and printer problems, can be viewed on the PC with PageScope® Suite management tools¹. With the all-in-one consumable cartridge, maintenance is a cinch.

➔ Accommodate a range of printing needs

Enhance the productivity of your printing with the pagepro 5650EN, and tailor it to your business requirements. Tackle large volumes of prints – up to 1800 pages with the optional lower feeder – and a variety of paper types – up to 216 g/m² – with ease. Special documents, such as invoices, packing lists, envelopes and labels, come out smooth and crisp, thanks to a built-in tray that ensures a direct paper path. Increase the capabilities further with the optional 500-sheet offset stacker and an optional duplexer – excellent for printing reports and booklets.
