# SIMPLIFY YOUR EVERYDAY WORK

**Even today, most work routines that focus on the creation, printing, distribution, managing and archiving of information are still cumbersome and time-consuming!**

Ongoing digitisation has made work procedures faster and easier, relieving your staff of many mundane and repetitive tasks. But true efficiency throughout your entire organisation can only be achieved with elaborate process automation and the optimisation of document and archiving workflows. At Konica Minolta, we know what we are talking about; this is our business! Why not let us take care of your document and information flow, so you can concentrate on what you do best – your business!

Discover what our extensive Konica Minolta office printing systems offer you to make your entire work cycles more productive and collaborative.

# OPERATE YOUR DEVICES WITH PERFECT EASE

## Why not use your multifunctional device like your tablet or smartphone?

Intuitive and customisable operation – any modern multifunctional device should offer these essential attributes. In Konica Minolta's bizhub range, they are standard.

### A touch screen almost like a tablet

The latest bizhub generation with Konica Minolta's INFO-Palette design lets you drag, drop, pinch in and out or rotate images, offering truly intuitive operation. Call up any menu you want with a quick flick of your finger; and enjoy the convenience of a generously sized touch screen.

### Complete customisation

With customisation, Konica Minolta pays heed to the fact that every organisation works differently. Reflecting this, the bizhub MFP user interface can be customised to the needs of individual users in a number of ways. And if you want more for your enterprise, why not have your corporate user interface individually designed by us and integrate your company-specific workflows?

## INTUITIVE OPERABILITY HIGHLIGHTS

- **Easy and intuitive:**  
Large touch screens of up to 10.1 inches are operated with intuitive swipe actions.
- **Personalised user interface:**  
Customise the screen background and feature set to suit your individual needs.
- **Smart add-on:**  
Widgets (Post-its) display essential information such as a hotline telephone number.
- **Advanced customisation options:**  
The possibilities to create your unique company user interface are almost boundless – don't hesitate to ask us!
